Purpose

This policy outlines the conditions under which financial or materiel contributions and donations may be made by the University and establishes approval authorization. An update to this policy has been made to move the responsible owner to University Relations.

Policy

A. Financial support of certain non-profit organizations by the University may be appropriate when the contribution serves to enhance and further the University's multiple missions of education, research, patient care, and community services.

B. A cash contribution may be made to a charitable organization in lieu of a sympathy gift up to the policy limit (see UC Business and Finance Bulletin G-41, Employee Non-Cash Awards and Other Gifts [3], for the dollar limit). Such contributions must be accompanied by a transmittal letter on official University letterhead, which states that the donation was made on behalf of the University.

C. State and federal funds may not be used for the purpose of charitable contributions; approved contributions may only be charged to departmental unrestricted funds.

D. University funds, regardless of source, may not be used for partisan political purposes (e.g., the election of candidates to public office, in support of political organizations, or for purposes of political advocacy regarding political issues).

E. Costs of attendance at political and charitable fundraising events are covered by this policy.

F. Provided that clear title of ownership exists, donations of equipment or supplies may be made to public and non-profit organizations supported by the appropriate dean or vice chancellor. Such donations must be authorized by Distribution and Storage and made in accordance with UC Business and Finance Bulletin.
